

POWER Mark

CREATE AND DISPLAY YOUR CUSTOMISED SIGNS

**IT LOOKS EVEN BIGGER
DISPLAY IT IN COLOUR**

With a height of 250 mm,
give your signs a whole new
dimension.

Thanks to the Powermark; a new
customised multi-colour creation
and printing system, it's easy
to create your safety identification
signs on adhesive panels.

4 COLOURS MAKE ALL THE DIFFERENCE

SHOW YOUR TRUE COLOURS!

To optimise your visual impact, 4-colour
printing can now be done in one go. This will give
your signs a significantly more striking visual impact.
In addition, Powermark makes it possible to adapt
to security standards with pictograms and colours
complying with the safety sign regulations.
It makes all the difference if your signs are visible and
understandable!

ER WHEN YOU

MADE-TO-MEASURE SIGNS A PROFESSIONAL FINISH

With the WYSIWYG screen, you can create and immediately view all your signs, information and security panels on site, such as mandatory signs, prohibitions, danger, information, industrial marking, pipe marking, labelling of dangerous substances, etc.

With a width ranging up to 250 mm and a printing length of up to 5 m in monochrome, you can give your signs a perfect, visible and hard-wearing finish.

At last! Your personal signs devised and designed by professionals for professional use.

POWER Mark

A COMBINATION OF COLOURS AND SIMPLICITY

To guarantee perfect visual recognition and to compose your panels, Powermark focuses on simplicity and choice, with specific adhesive supports, a wide choice of symbols, and a variety of colours.

With a wide range of colours, the adhesive supports are available in widths of 100, 150, 175, 200 and 250 mm.
